

Printing Services

Printing Services

Today Gem is the only advertising agency in the region of Qatar to have its own state-of-the-art printing press facilities - Al Jazeera Printing Press LLC, Top Printers & Enviro Digital. The offset printing requirements are managed by Al Jazeera and have been associated with various printing houses in Singapore and Hong Kong.

Our digital unit for printing - Top Printers is the pioneer in the advanced digital unit of printing.

With the changing times and market requirements turning into eco friendly /green printing facilities we introduced our own environment-friendly printing division - Enviro Digital.

We've been around long enough to know that we're not simply a printer – we're a solutions provider who understands the industry and has the kind of experience needed to ask the right questions and suggest the right products to get the job done right, on time and on budget. From our sales representatives and estimators to our production staff and technicians, we're no-nonsense individuals who aren't afraid to roll up our sleeves. Our printing partners are committed to you and your brand, and our experience delivers consistent, high-quality results.

Printing Services

Offset Printing

Printing Services

Environmental Printing

Eco friendly Offset and Digital printing -

In offset printing we use recycled or FSC certified papers , vegetable oil based inks (soy inks) rather than chemical based inks, and any blocks required are made without chemicals and water.

In Digital printing -

We use Original HP latex eco-friendly inks. Our eco-friendly offset machine eliminates the need of chemicals in blocks, reducing operator time since pre-press systems not required. There's less paper wastage and a fast turn around in printing allows us to offer very competitive rates to our clients .

Eco Friendly

- 100% eco friendly printing unit offset and large format
- Highly automated digital offset press
- Offset quality print in 10 mins
- Fully automatic post press unit
